## **BEGRAVEN IN RAVELS: 1664 -1820.**

door Cyriel Verbeek

Dit bestand bevat de overlijdens en begrafenissen van Ravel vanaf 1664 tot en met 1820 zoals ze in de parochieregisters zijn opgetekend. Meestal eindigen klappers van parochieregisters bij het prille begin van de burgerlijke stand. Daarom wordt de periode van de Franse republiek door veel genealogen als problematisch beschouwd. In het begin van de burgerlijke stand ontbreken vele akten omdat men weigerde geboortes, huwelijken en overlijdens bij de burgerlijke overheid te laten registreren. Het is daarom van essentieel belang dat deze periode door parochieregisters overbrugd wordt.

Bij het klapperen is getracht enkel primaire bronnen te gebruiken. Secundaire bronnen zijn enkel gebruikt als een geen primaire bron meer gekend is.

Onvolledige aktes volgen onmiddellijk na deze toelichting.

De oudste parochieregister van Ravel is tot op heden spoorloos. Het bevat overlijdens en begrafenissen van de periode 22/1/1635 tot en met 5/3/1655. In 1854 is deze register zeker nog op het gemeentehuis aanwezig. Als antwoord op een vraag naar een overlijden te Ravel op 6/10/1650 meldt men dat *“na een nauwkeurig onderzoek in de oude register wij deswegens (nog van geboorte noch van overlijden) van voormeld kind iets hebben kunnen ontdekken, en verders dat de bestaende oude registers in Latijn door de Eerw. Heeren Pastoor of onderpastoren zich bevinden ingeschreven, & daer aen veele bladzijde ontbreken en door oudheid en slegten inkt veele inschrijvingen onleesbaar zijn geworden.”*

### **Alfabetische ordening:**

De overlijdens en begrafenissen zijn per familienaam chronologisch gerangschikt. Bij verschillende schrijfwijzen van eenzelfde familienaam wordt de frequentste genomen voor de ordening. Hieronder vindt je dan de verschillende schrijfwijzen.

Bij de alfabetische ordening zijn de lidwoorden en voorvoegsels (DE, VAN, VAN DER, VER-) buiten beschouwing gelaten.

Voorbeelden:

de Bie: zie Bie

van Steensel: zie Steensel

Verhulst: zie Hulst

De letters IJ en Y zijn steeds onder Y geklasseerd.

### **Tekens:**

+ : overleden te, de

(+): begraven te, de

### **Correcties:**

Verbuigingen van voornamen in het Latijn zijn gecorrigeerd

Voorbeeld: Adriani gecorrigeerd tot Adrianus

werden

Afkortingen, zeker deze van voor- en familienamen, zijn meestal voluit geschreven.

Voorbeelden:

Jois: tot Joannis

Joes: tot Joannes

### **Hiaten en fouten:**

In de begraafboeken van Ravel kunnen geen duidelijke hiaten worden vastgesteld.

Bij herkenbare historische fouten wordt corrigerend verwezen of worden ze in rood aangeduid.

Eventuele typefouten en foutieve lezingen vallen tot mijn verantwoording.

### **Tips:**

Werkwoorden die het geslacht van kinderen kunnen doen bepalen werden in de klapper opgenomen zoals sepulta (vrouwelijk) en sepultus (mannelijk).

Bij namen van vrouwen dient men kritisch te zijn. Bijvoorbeeld Elisabeth Adriaen Adriaenssen betekent in Ravel zelfs tot in het midden van de 18<sup>de</sup> eeuw: Elisabeth vrouw van Adriaen Adriaenssen in plaats van Elisabeth dochter van Adriaen Adriaenssen

## ONVOLLEDIGE AKTEN

Franciscus Jacobus infans cuius pater ignoratur, et mater est Johanna ....., et fuit lactatus a Pascacia uxor Johannes Michielszen

(+) Ravels 12/7/1687
